and another in respect of promotions. That seems to be the more equitable practice After a medical officer gets a start in a class, periodical promotions must come to him in accordance with approved service. It is only when new appointments are to be made that the quality of training a degree should count. In the case of promotion to higher classes, this is one of the factors along with others. Perhaps we may consider whether we should not modify our rules accordingly.

If the practice in Madras is verified with respect to this question, we may follow it with advantage.

Sir,

With reference to your letter No.2036/Medl 40-09 -2 dated 27-8-09, anent the date of promotion of Sub Assis -tant Surgeon Mr. C.Kuppusawmy Pillay, I have the honor to invite favor of reference to the latter part of my letter No.G 712 dated 20-5-09, stating that he may well be group -ed with M.B graduates and to state that I shall be glad if Government will be pleased for my future guidance to let me know why 9th March 1909 was fixed by Government instead of 9th March 1908.
